
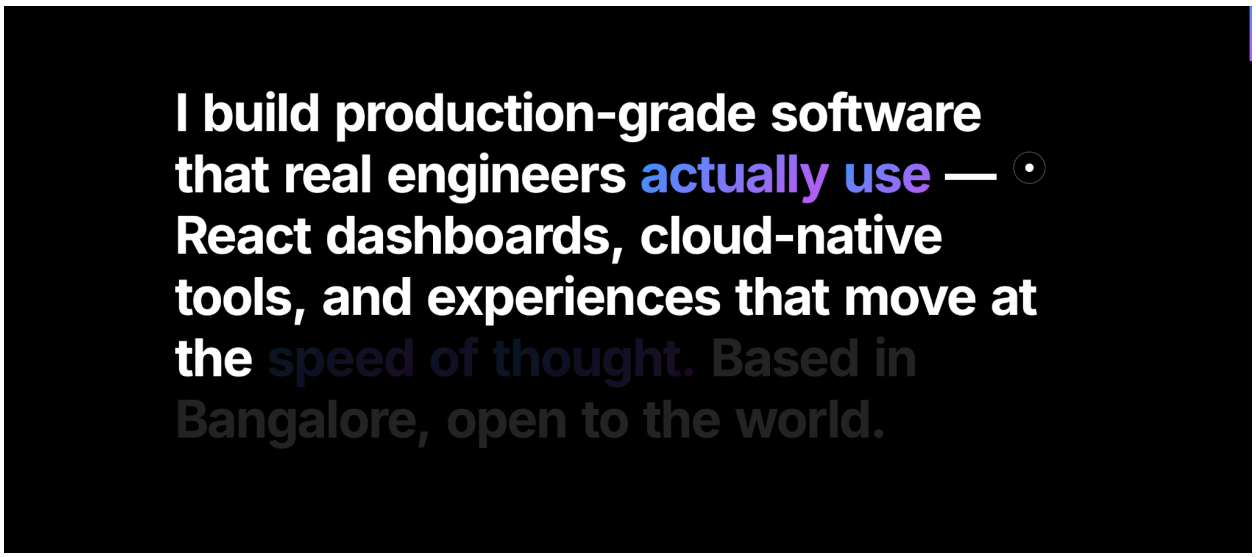
-Here just make the colourful particles thign seem a lil less cluttered, maybe recude the number of particles or something
- instead of those chunks of 6 colors blocks , u can just add the tech stack logos in those colors but the main focus i sthe name , JS, Typescript, React, AWS,AI,UI UX
- open to relocate remove that banner we will add it later down
- rhe fullstackdeveloper - react -typescit aws thing is not seen maybe make that part more visible maybe in white or something



This is good but shorten teh sentence, and remove that based in bangalore thing
